Mexico City	Mexico City General Hospital	Richard Awad	52 55 50043806		Yes	Yes	No	No	Yes	
Mexico City	Centro Medico Palmas	Teramoto	5255 5520-5239	Alma Santoya (5255) 5520-5239	Yes	Yes	No	No	Yes	
Coahuila										
Saltillo	Centro Hospitalario La Concepcion	Rene Carrancedo	844-416 61 81	Ma Balandran 844-416 10 22	Yes	Yes	No	No	No	

Notes:

1 This registry pertains to Clinical GI Motility Laboratories in North America that evaluate patients for a GI motility disorder.

2. Criteria for GI Motility Laboratory to be on this AMS Registry of Clinical GI Motility Laboratories:

1. Perform good quality studies –

A. Perform a minimum number each year.

For adult motility laboratories:

Esophageal manometry (25-50 per year)

Esophageal pH monitoring (25-50 per year)

Anal Manometry (15-20 per year)

B. Perform according to minimal standards criteria as developed by the American Motility Society. See AMS web site www.motilitysociety.org

2. The director of the motility laboratory and should be a member of American Motility Society. This ensures getting updates on GI Motility Testing, including the AMS Newsletter (The Recorder) and the journal of the American Motility Society (Neurogastroenterology and Motility).

3. Request to be placed on the AMS Registry of Clinical GI Motility Laboratories submitted by the executive director to the American Motility Society with their qualifications. This can be submitted by email to admin@motilitysociety.org. These requests will be reviewed by the Clinical Practice Committee of the AMS.

3. Procedure Codes:

EM Esophageal manometry

EpH Esophageal pH monitoring

EKG Electrogastrography

ADM Antroduodenal Manometry, including gastroduodenal manometry and small bowel manometry

AM Anal Manometry
