Notes:

- This registry pertains to Clinical GI Motility Laboratories in North America that evaluate patients for a GI motility disorder.
- Criteria for GI Motility Laboratory to be on this ANMS Registry of Clinical GI Motility Laboratories:
 - Perform good quality studies –
 - Perform a minimum number each year.
 - For adult motility laboratories: Esophageal manometry (25-50 per year)
 - Esophageal pH monitoring (25-50 per year)
 - Anal Manometry (15-20 per year)
 - Perform according to minimal standards criteria as developed by the American Motility Society. See ANMS web site www.motilitysociety.org
 - The director of the motility laboratory and should be a member of American Neurogastroenterology and Motility Society. This ensures getting updates on GI Motility Testing, including the ANMS Newsletter (*The Recorder*) and the journal of the American Neurogastroenterology and Motility Society (*Neurogastroenterology and Motility*).
 - Request to be placed on the ANMS Registry of Clinical GI Motility Laboratories submitted to the executive director to the American Neurogastroenterology and Motility Society with their qualifications. This can be submitted by email to admin@motilitysociety.org. These requests will be reviewed by the Clinical Practice Committee of the ANMS.
